

Digital Transformation?

5 REASONS TO USE OUR CODELESS APP-FABRIC

We get you

It's not about running one app.

You need a series of apps to drive your business engine. Each one has to offer the features and usability to surprise and delight users and customers.

More than that, you want a unified data ecosystem

that means all your data can be re-used to make decisions and deliver a 360-degree view of your business.

**Read 5-reasons why
encanvas is right for you.**

1 An app-fabric gives you endless app possibilities wrapped into one data model

encanvas is the next generation of enterprise IT. It equips your organization with apps that grow and adapt to change as quickly as your ideas.

Build as many apps as you need and organize them on **one platform that produces a single re-usable data architecture.**

Buy SaaS apps and all you do is segment data making it hard to re-use

2

A new level of automation data re-use security governance for remote working

There are lots of things we could say about why encanvas is right for you.

We created encanvas to automate businesses and work anywhere.

Advanced security features bring unrivalled transparency and control to enterprise data.

It **digitalizes the DNA of your enterprise** and helps you to design, formalize and automate your business one process at a time.

Today, few companies know which of their processes are:

- fully-automated
- partially automated
- manual

3 Lowest cost design, deployment and operation

encanvas creates apps without coding so it's the fastest way to build apps

It also includes codeless data connectors to integrate with your favorite third-party software easily.

Once installed, it includes advanced cloud library management to allow all deployments to be managed centrally. And our VERSIONING technology means you only need to upgrade apps when it suits you!

3

Instantly-on

We'll get you on your way.

Our onboarding packages make light work of getting your new information management system tailored to your needs and up-and-running fast.

Enjoy the benefits of best-in-class customer experience and back-office savings faster

5

Everything in the box you'll ever need

We've designed encanvas to offer all the building blocks you'll ever need to build apps without coding. But we've gone a step further with our HYPER-PLUGIN that allows you to embed existing code, script, DLLs, data visualizations, AI and more into the encanvas apps platform for unrivalled innovation and growth opportunities.

A few things you can take for granted.

We're committed to your success. That's why every customer is allocated a **Single-Point-of-Contact** throughout their life with us, from the first app development to the latest.

We **safeguard your data**. Ask us for our data security whitepaper

We are a **fair and ethical business**, always ensuring through our policies and behaviours we offer equal opportunities to all

We do our bit to **keep the planet** how we all like it

We offer affordable answers to your technology questions. You always know what you're paying for. **No surprises**. That means almost no vendor lock-in. No project over-runs or disappointments. No enforced upgrades.
